SUMMARY

Detail-oriented and hardworking professional with strong programming skills and an MCA in progress.
Proficient in backend development using Java and associated frameworks.
Skilled in maintaining and enhancing existing applications with modern techniques.
Experience in team collaboration and Agile methodologies.
Capable of executing tasks with precision under pressure.

EXPERIENCE

Application Developer - Intern

Waffor Retail Solutions (P) Ltd   **02/2025 - present, Velachery, Chennai**

· Developed and resolved critical backend bugs, specifically around date range validations in internal modules.
· Designed and implemented a new image comparison feature by integrating Amazon S3 for storing before/after images and linking backend data to the UI.
· Developed robust REST APIs using Spring Boot, handling CRUD operations and data retrieval.
· Managed data with MySQL, optimized queries, and integrated backend with AngularJS front-end built on the CodeIgniter framework.
· Practiced agile methodologies, participated in daily standups, and collaborated with team members on Git.

PROJECT

E-commerce Website

· Developed a fully functional e-commerce website using Java for backend logic, HTML and CSS for frontend design, and SQL for database management.
· Implemented user authentication, product listing, and checkout functionalities.
· Utilized JDBC for database connectivity.

Spring Boot Blog Application

· Built a blog application using Spring Boot framework for rapid development.
· Implemented CRUD operations for managing blog posts and comments.
· Designed responsive user interface with HTML and CSS.

EDUCATION

Master of Computer Application (MCA)

Sri Venkatesa Perumal College Of Engineering and Technology - Puttur · 2023 - 2025
· Secured CGPA : 9.17 (College First).

Bachelor of Science In Computer Science

Sri Venkateswara University - Tirupati · 2019 - 2022
· Secured CGPA: 8.40.

HSC

Sri Surya Junior College · Nagari · 2017 - 2019
· Secured CGPA: 8.59.

CERTIFICATIONS

Jspider certified Java Developer

05/2023

SKILLS

Java, HTML, CSS, SQL, JSP, Servlets

Spring Boot, JDBC, Spring Framework

Eclipse IDE or Intellij IDEA, Basic Git commands (clone, commit, push, pull), Maven, Gradle, Agile, collaborate

English, Tamil, Telugu
